

THE FRENCH NATIONAL PROGRAM  
TO PROMOTE **INCLUSIVE HIGHER EDUCATION**  
FOR PEOPLE WITH NEURODEVELOPMENTAL DISORDERS (NDDs)

Let's make international student mobility  
possible for ALL students  
including those with NDD's

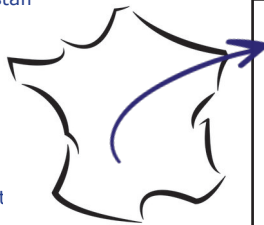

Atypie-Friendly develops tools and resources for university staff and students, based on the latest academic scientific expertise in the field of NDDs. Development of a network of academic teaching professionals in the network and beyond. Expertise in inclusive education. Partnerships with healthcare and social services.

### Resources for all:

- Students
- University professors and staff
- Employers

#### About:

- Transition to university
- Employment
- Digital tools
- Pedagogical innovation
- Professional training for professors and staff
- Daily life and social support
- Research

+30 French universities  
active in Atypie-Friendly.

Our national team works hand in hand with Atypie-Friendly local teams and aims to raise awareness of inclusion and disabilities among university staff and students.

Atypie-Friendly is supported by the University of Toulouse and partners with: the French ministry of Higher education and research, the French ministry of Health, and the French inter-ministerial delegation for NDDs strategy.
